

## Notes on completing the VIDEX on-screen form for claimants with freedom of movement

The on-screen form has been reworked in order to allow third-country nationals, who are family members of a citizen of the Union and who wish to exercise their right to freedom of movement, to complete a visa application in VIDEX without providing information concerning their employment, reference or the financing of their stay.

### Option added to the “Personal data” section

An option (radio buttons Yes/No) has been added to the “Personal data” section to allow claimants to complete an application in VIDEX in accordance with the Freedom of Movement Act/EU:

In exercising their right to freedom of movement, family members of citizens of the EU, EEA or Switzerland (spouse, child or dependent direct relative in the ascending line) are not obliged to provide information concerning their employment, reference or the financing of their stay. If you belong to this category and you do not wish to provide any information, please select “Yes”. You must submit documentary evidence of your family relationship.

Yes  No

If you select “No” (default), you will complete the application as previously.

If you select “Yes”, the data input procedure will differ as follows:

- The input fields in the “Occupation” section are locked for processing.
- “EU citizen” is selected automatically as a reference. All fields under “Reference”, including “Cost of travelling and living”, “Means of support” and “Sponsor” are locked for processing.

The fields “Family relationship with an EU, EEA or CH citizen” and the newly added fields “Surname”, “First name”, “Date of birth”, “Current Nationality” and “Travel document number or ID card number” must be completed in full. The application cannot be printed unless entries are made in these fields:
